

**Capital One**

 **DreamVault**

# BUSINESS OVERVIEW

**Save today. Unlock your dreams tomorrow**

DreamVault is a Capital One savings and payment product designed for young adults ages 18–32. It gamifies the savings process by letting users set financial goals, called “projects,” and earn rewards as they progress. With both a digital wallet and physical card, users can automate savings and access real-world perks. DreamVault makes saving feel engaging, goal-driven, and rewarding.

# KEY FUNCTIONS

## Smart Controls for Projects

Projects can be updated anytime. Adjust goals or reallocate funds freely, as long as balances stay under a preset limit (e.g., \$1,000). In urgent cases, users can withdraw with a secure bypass code to ensure the change is intentional. Users can also adjust the percentage of each paycheck that goes toward savings based on income size. Example: Save 10% from smaller checks, increase to 20% on larger ones.

## Goal-Based Projects

Users can create personalized savings goals like a new car, vacation, or home—directly within their savings account. Each project tracks contributions and displays real-time progress toward the target amount.

## Spend from Savings with Ease

Users receive a digital card (and eventually a physical one) linked directly to their savings. Spend anywhere with ease. Earn cash back and rewards when shopping with select partners.

## Automated Paycheck Allocation

Set smart rules to automatically divide each paycheck across projects. Example: Allocate 10% to “Car”, 5% to “Vacation”, and keep the remaining in general savings.

## Enno: AI-Powered Savings Assistant

Capital One’s AI chatbot, Enno, helps users plan smarter. Recommends savings adjustments based on financial behavior. Answers questions like: “How much should I save weekly to reach \$3,000 in 3 months?”

# KEY FUNCTIONS (MILESTONE ROAD)

## Reward

If you click on the icon symbolizing the reward, you can learn more about it, such as the company it is associated with and the discount amount.

## Enno: AI-Powered Savings Assistant

If you have any questions about your Milestone Road, such as rewards, you can ask Enno.

## Overview

The product includes a milestone based rewards system to encourage the customers to save more money into their projects. The Milestone Road gamifies the saving experience, which is particularly attractive to our specific customer segment.

## Rewards Index System

The Milestone Road is based on an index system where the Milestone Road scales proportionally to the goal amount. Smaller rewards are more frequent early on to build motivation, and less frequent larger rewards come later. This index system is created using an AI model.

# LAYOUT OF DREAMVAULT

# KEY PARTNERS

Capital One has various existing partnerships with travel, retail, and dining companies, and they could expand to entertainment companies as well. These partnerships would provide additional incentives for users to save more by providing rewards for the Milestones Road. Therefore, the partnerships would also be a source of revenue for DreamVault.

## Travel

- Airlines
  - Air Canada
  - British Airways
  - Singapore Airlines
  - Turkish Airlines
- Hotel chains
  - Choice Privileges
  - Wyndham Rewards

## Retail

- Adidas
- Macy's
- Dell
- Lowe's
- Samsung
- Ulta
- The Home Depot

## Dining

- Michilen Star restaurants
- Fast food **(potential)**

## Entertainment

- Movie theaters **(potential)**
- Concerts **(potential)**
- Sports **(potential)**

## **Increase Brand Visibility and Awareness**

Our primary objective is to enhance your brand's visibility in the market. Through a targeted and comprehensive marketing strategy, we aim to increase awareness among your target audience.

## **Drive Customer Engagement**

We strive to foster meaningful connections between your brand and your audience. Our objective is to create engaging content and interactive campaigns that encourage customer participation.

## **Boost Conversion Rates and Sales**

Ultimately, our goal is to drive tangible results for your business. We focus on optimizing conversion rates through strategic marketing initiatives. Whether it's through compelling calls-to-action, or optimized user experiences.

# Value Proposition Model

# SWOT ANALYSIS

## Strengths

Strengths encompass the internal positive attributes and capabilities that give an organization a competitive advantage. This could include a strong brand reputation, skilled workforce, proprietary technology, or efficient operational processes.

## Weaknesses

Weaknesses are internal factors that hinder an organization's performance and competitiveness. These could include outdated technology, lack of skilled personnel, or inefficient processes.

## Opportunities

Opportunities refer to external factors that an organization can leverage to its advantage. These could be emerging market trends, advancements in technology, or changing consumer preferences.

## Threats

Threats encompass external factors that pose challenges and risks to an organization. This could include competition, economic downturns, regulatory changes, or technological disruptions.

# Appendix

## **Increase Brand Visibility and Awareness**

Our primary objective is to enhance your brand's visibility in the market. Through a targeted and comprehensive marketing strategy, we aim to increase awareness among your target audience.

## **Drive Customer Engagement**

We strive to foster meaningful connections between your brand and your audience. Our objective is to create engaging content and interactive campaigns that encourage customer participation.

## **Boost Conversion Rates and Sales**

Ultimately, our goal is to drive tangible results for your business. We focus on optimizing conversion rates through strategic marketing initiatives. Whether it's through compelling calls-to-action, or optimized user experiences.

# BREAK SLIDE

In the journey to success, sometimes you just need to pause, take a breath, and appreciate how far you've come. Now, let's dive back in, recharged and ready to conquer the next steps together.

# TIMELINE

Looking ahead, our business roadmap unfolds in a strategic timeline, marked by milestones and achievements that propel us toward our overarching goals.

# SWOT ANALYSIS

## Strengths

Strengths encompass the internal positive attributes and capabilities that give an organization a competitive advantage. This could include a strong brand reputation, skilled workforce, proprietary technology, or efficient operational processes.

## Weaknesses

Weaknesses are internal factors that hinder an organization's performance and competitiveness. These could include outdated technology, lack of skilled personnel, or inefficient processes.

## Opportunities

Opportunities refer to external factors that an organization can leverage to its advantage. These could be emerging market trends, advancements in technology, or changing consumer preferences.

## Threats

Threats encompass external factors that pose challenges and risks to an organization. This could include competition, economic downturns, regulatory changes, or technological disruptions.

# STATISTIC

In essence, our statistic analysis provides a comprehensive understanding of an organization's current position in its market or industry, facilitating strategic decision-making and planning for future success.

**Sales Increase**

**Repeat Order**

Recent client satisfaction surveys indicate an outstanding satisfaction rate of over 90%, underscoring our unwavering commitment to delivering exceptional service and exceeding our clients' expectations consistently.

# STAKEHOLDER

As stakeholders in your success, our commitment goes beyond delivering exceptional services; we prioritize understanding and aligning with the unique goals and values of our clients.
